DEDICATED CONTRACT TRANSPORTATION + MANAGED TRANSPORTATION + VALUE-ADDED WAREHOUSING

VALUED INTEGRATED SUPPLY CHAIN SOLUTIONS PARTNER

The Iowa Alcoholic Beverages Division (ABD) recently signed an agreement with Ruan Transportation Management Systems for dedicated contract transportation and value-added warehousing. Ruan began operations on April 15, 2019.

ABD issued an RFP for transportation and warehousing fulfillment in May 2017, seeking a partner to serve its customers, reduce risk, build flexibility and scale, and maximize profit. After a thorough evaluation, the organization chose to partner with Ruan, a respected leader in the transportation, warehousing, and logistics industry based in Des Moines, IA.

Stephen Larson, Iowa Alcoholic Beverages Division Administrator

“This partnership with Ruan enables ABD to provide the highest level of service to our customers. With a trusted and capable partner, we are able to focus on our core responsibility of governing the alcoholic beverages marketplace in Iowa,” said ABD Administrator Stephen Larson. “We look forward to a long partnership with a leading Iowa company and providing our customers with the best service possible.”

ABD enforces state laws and administrative rules related to the manufacture and sale of alcohol products in Iowa. Funds are generated by the sale of alcoholic liquor to off-premises retail licensees, license fees, civil penalties, and excise tax of beer and wine. These revenues are transferred to the General Fund as well as to public treasuries to support city, county, and state programs. Ruan will serve over 1,500 locations and manage approximately 2,300 SKUs.

Ruan hired 18 professional drivers and 30 warehouse personnel. Ruan is responsible for the management of the fleet and professional drivers, including recruiting and retaining employees, training and development, providing state-of-the-art technology, complying with all regulatory and safety requirements, and implementing an equipment and maintenance strategy to keep ABD’s operation running efficiently and safely.

“Our search for a transportation and warehouse provider was an extensive one. We evaluated several respectable and successful organizations, but ultimately chose Ruan for its high standards of service and safety along with its longstanding Iowa ties,” Larson said.
