HEAR FROM OUR PARTNERS:

Why are our dedicated customers choosing us **and** staying with us?

Continuous Improvement

Our continuous improvement initiatives saved one dedicated customer \$25 million over five years. We do more than report data. We create it, act on it, and continually refine our approach. This reflects our commitment to being a trusted partner.

Production Efficiency

At startup, a dedicated warehouse faced a 203,000-case backlog, 23-day lead times, and 75 percent fulfillment. Within seven months, the backlog was eliminated, next-day delivery was achieved, and fulfillment increased to 93 percent, now reaching 99.53 percent. This reflects our focus on operational efficiency.

Brand Ambassadors

We understand the importance of brand representation. Many customers choose to display their logo on dedicated Ruan uniforms, trailers, and trucks. We proudly showcase their brand as a symbol of partnership.

Leadership

Local, dedicated leadership builds trust and drives improvement. Our leaders invest time in understanding each business and growing alongside it, creating strong, lasting partnerships.

Premium Partnership

We treat every customer as a priority, regardless of size. Service excellence is not determined by scale. Every partnership receives the attention and care it deserves.
